Letter from the President:

Dear Elizabethtown College Students:

The 2019-20 academic year was certainly one that we will all remember. As my first year as president at Elizabethtown College, I was warmly welcomed by all of our students. During this unprecedented school year, we learned from each other just how strong our Blue Jay community can be when faced with adversity. I am truly proud of each and every student at Elizabethtown College as you have shown strength, resilience, and positivity through it all. It is often our reaction to adversity that will determine how our life story will develop.

I hope that you are able to reflect on the incredible times you were able to create and experience—from growing your knowledge and talents through your classes to the caring professors and staff members who have helped you to the friends and lasting relationships you have made. In addition, your family and friends have supported you, encouraged you, and reassured you throughout your journey.

At Etown, you were given the tools and resources this year to ensure you reached your full potential. We had many students recognized for their accomplishments from our Stamps Scholars, the students in our Momentum Program, our student performers, student-athletes, study abroad students, and students recognized with national scholar accomplishments—the Etown family could not be more proud!

What 2020 has taught us all is that no matter what comes our way, we must be able to adapt and persevere, and rely on our resilience to succeed. Because of all that, I know Etown students are ready to contribute to the world. And, live life to the fullest.

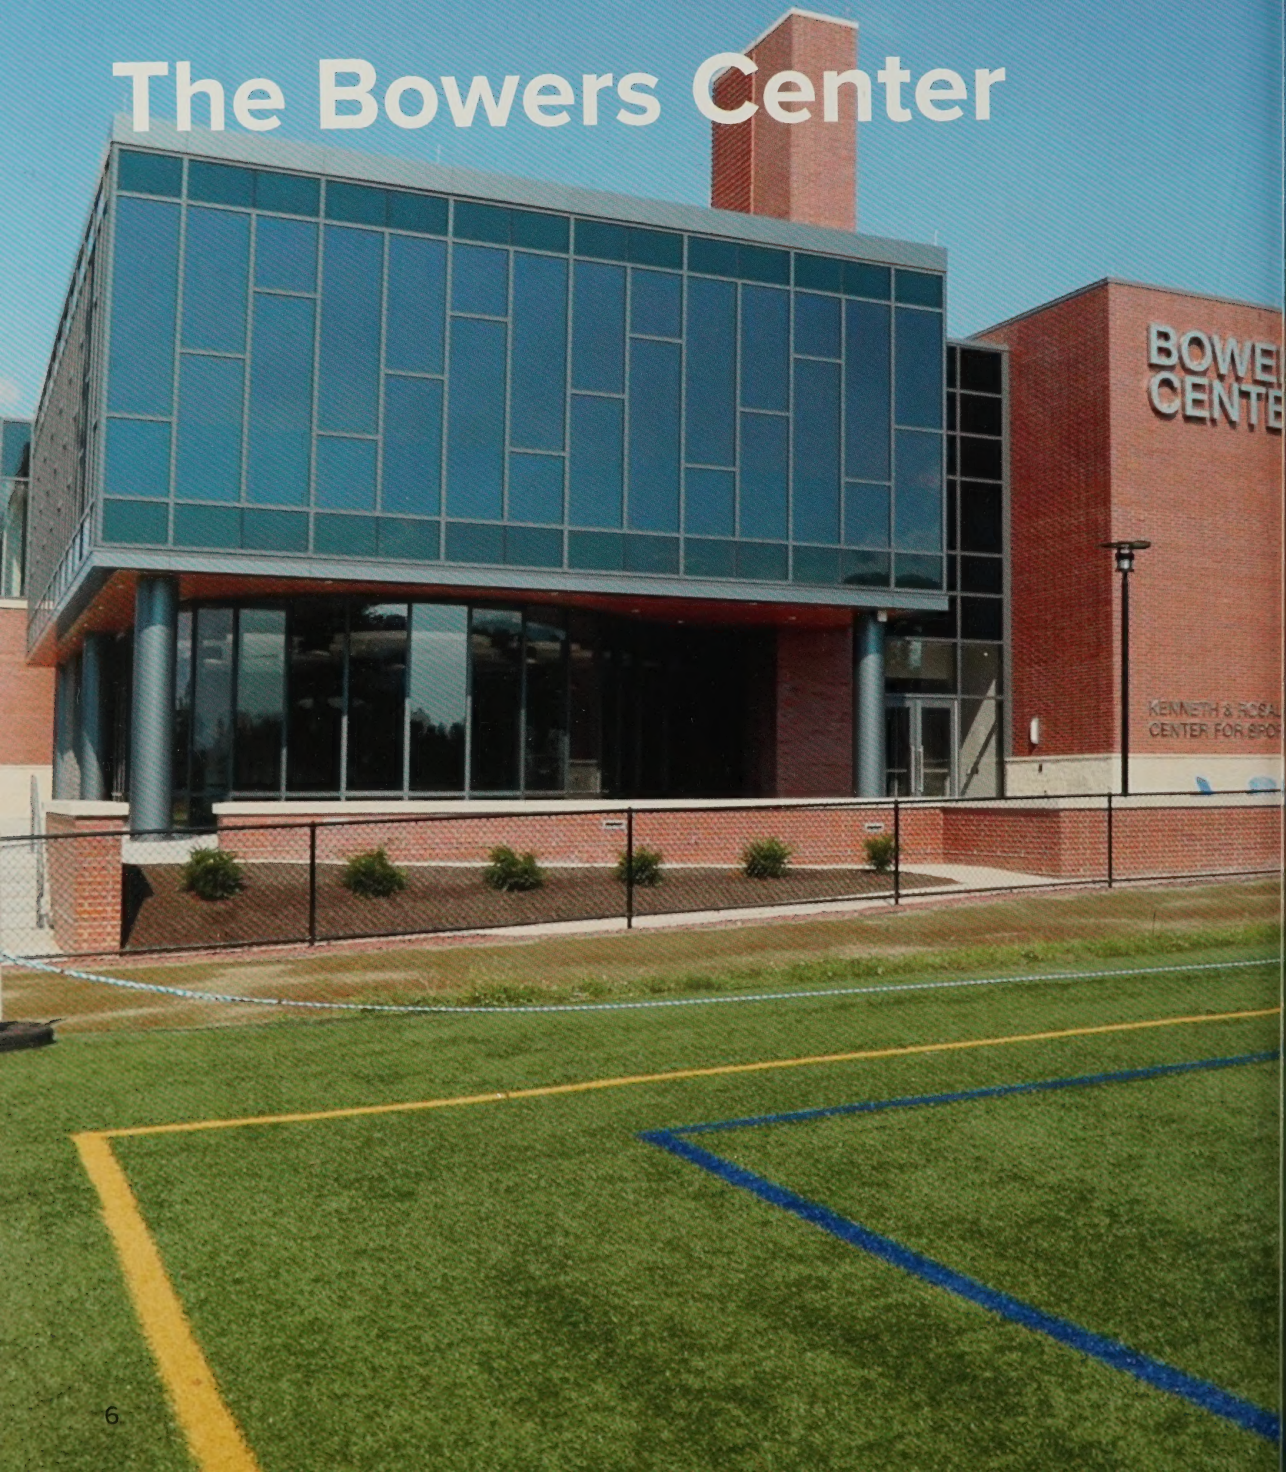

The experiences you have gone through at Etown will influence and empower you throughout your lifetime. My advice to you is to make every second count as you work to make your own mark on this world and positively impact the lives of others.

Warm Regards,

Cecilia M. McCormick, JD.

President
Elizabethtown College

The Bowers Center

This academic year, Etown unveiled its newest building, the Bowers Center for Sports, Fitness and Well-being. The Bowers Center serves as a dynamic campus hub for health and well-being at Elizabethtown College.

This state-of-the-art facility provides purposeful programming that inspires, educates, and empowers students and the campus community to cultivate healthy and active lifestyles, as well as supporting the College's expanding athletics program.
